

Title : Connect with Sustainable Land Based Materials

Location: South Africa

Duration: 10 days

Start date: 1 May 2017

Cape Town is Southern Africa's most beautiful, most romantic and most visited city. Its physical setting is extraordinary, something its pre-colonial Khoikhoi inhabitants acknowledged when they referred to Table Mountain, the city's most famous landmark, as Hoerikwaggo – the mountains in the sea. Even more extraordinary is that so close to the national park that extends over much of the peninsula, there's a pumping metropolis with a nightlife that matches the city's wildlife. Tiptle at a Constantia wine estate in the afternoon and party the night away in a Long Street club. All in a Cape Town day.
