Textile Exchange Suspended and Withdrawn Certifications

Last updated May 2019

Below are the companies that have had their certification to a Textile Exchange standard withdrawn for violation of our requirements. All standards are included in one document because a violation of one Textile Exchange standard likely results in a suspension or ban from all Textile Exchange standards. Similarly, Textile Exchange works closely with the [Global Organic Textile Standard](https://www.globaltextiles.org/) (GOTS) and a suspension or ban by GOTS may be considered by certification bodies as reason to apply a high-risk designation to that company if applying for certification to a Textile Exchange standard.
