Data Governance, Manager

About Us

Textile Exchange is a global non-profit driving positive impact on climate change across the fashion and textile industry. It guides a growing community of brands, manufacturers, and farmers towards more purposeful production from the very start of the supply chain.

By 2030, its goal is to guide the industry to achieve a 45% reduction in greenhouse gas emissions within fiber and raw material production. Its focus is holistic and interconnected, accelerating the adoption of practices that improve the state of our water, soil health, and biodiversity too.

For real change to happen, everyone needs a clear path to positive impact. That’s why Textile Exchange believes that approachable, step-by-step instruction paired with collective action can change the system to make preferred materials and fibers an accessible default, mobilizing leaders through attainable strategies, proven solutions, and a driven community.

At Textile Exchange, materials matter. To learn more, visit TextileExchange.org.

Working at Textile Exchange

We work remotely with a team located in 20+ countries. We are a diverse group committed to harnessing the strengths of the global textile industry to accelerate change toward climate and other key environmental goals. We work collaboratively on important environmental issues around the world by working and interacting with farming groups, processors, brands, retailers, and environmental experts in the textile and fashion industries around the world. We offer an opportunity to join a cutting-edge global environmental nonprofit and to help strengthen the impact of our organization. Each Textile Exchange employee is offered a competitive compensation package with paid time off, yearly bonus, opportunities for continuing education, and more.
